

## EIT Health Germany Annual Symposium 2018

### “Supporting Care in an Interconnected World”

Monday, 22 October 2018 11:30 - Tuesday, 23 October 2018 16:00

Venue: Roche Diagnostics GmbH, Sandhofer Straße 116, 68305 Mannheim (Forum I & II)

Under the topic of “Supporting Care in an Interconnected World”, EIT Health Germany invites all EIT Health partners, health-related stakeholders and participants of the eco-system to join its Annual Symposium this year. For two days we will focus on discussing, exchanging and most importantly drafting concrete project ideas in two of the EIT Health Focus Areas “Bringing Care Home” and “Real World Data”.

This event will be a great opportunity to bring novel ideas, knowledge and technologies to the table aiming to support care in an interconnected world, as well as to share results of already ongoing projects on which new EIT Health activities could be developed.

#### EU Keynote Speaker:

- Birgit Morlion, DG CONNECT, European Commission

#### Other Programme Highlights:

- Connecting to the Ecosystem
  - Bernd Finger, Ministry of Science Research and the Arts Baden-Württemberg
  - Roberto Zuffada, European Innovation Partnership on Active and Healthy Ageing (EIP-AHA)
  - Klaus Niederländer, Director, Ambient-Assisted Living (AAL) Initiative
- Gala Dinner with Final Entrepreneurship Showcases aboard the ship “Königin Silvia”
